MEMORANDUM FOR: Deputy Director for Intelligence

**SUBJECT : Prospectus for Unclassified Version
of Middle East Atlas**

As can be seen from the attached mark-up of the Atlas, virtually all of the text is unclassified. The photos, on the other hand, are nearly a dead loss. We feel we could make unclassified substitutions for many of the photos; or we could do without them entirely. Either course would require reformatting.

25X1A

**Deputy Director
Basic and Geographic Intelligence**

**Attachment:
Mark-up of Middle East Atlas**
